quality Care

We believe that all our residents deserve to be treated with respect and dignity. Cypress Point realizes that each of our residents has individual needs, and we specialize in providing the care necessary to fulfill these needs.

Our interdisciplinary team works together with each resident's doctor and associated health care professionals to develop a plan of care tailored to meet the specific

needs of each resident. This plan of care is implemented by a dedicated, professional staff trained to the highest standards of excellence, yet sensitive to the emotional needs

of our residents. At Cypress Point Nursing & Rehabilitation Center, you will find *Quality Care and Superior Service.*

a truly Exceptional Place

Cypress Point Nursing & Rehabilitation Center, LLC, is conveniently located on the corner of Airline Highway and Wemple Road, just minutes away from Willis Knighton Bossier and numerous doctors' offices and the offices of other health care professionals. The warm and friendly atmosphere experienced here reflects the long tradition of quality care that was begun many years ago by Ted and Marjorie Price ... a tradition based upon our belief that what counts most in a nursing facility is resident care. At Cypress Point, we know that quality resident care is no accident. It is the result of a team of professionals working together and committed to providing the very best in quality care, with a goal of constant improvement. Our facility is one of Louisiana's most innovative leaders in quality long term care and is continually working to upgrade and improve its services. This innovative spirit is evidenced by our special "Rehab to Home" program we call Renaissance at Cypress Point. It is further apparent with our in-house Nurse Practitioner, electronic medical records, and computer systems that are both physically interactive and mentally engaging for our residents. Our facility is one of the grandest and most modern in the entire Gulf South and is the culmination of over 20 years of planning and dreaming. Amenities include all private rooms with kitchenettes and private baths, arts and crafts areas, state-of-the-art rehabilitation and fitness gym, beautiful in-house chapel with leaded stained glass, the "Liberators" movie cinema, and the "Bombshell" beauty salon. You will find Cypress Point to be very spacious yet cozy with multiple day rooms and atriums ideal for a quiet afternoon show, a lively LSU ballgame, or an evening of cards or dominoes with friends. Sitting on over ten landscaped acres, our outdoor areas include elevated gardens, where our residents can participate in gardening or simply relax and enjoy the outdoors. Our rehabilitation programs, including physical, speech, and occupational therapy, offer our residents the opportunity of returning to their greatest degree of independence with many able to return to their own homes. Our Physical Therapists help restore the range of motion, balance, strength, coordination, and functional mobility that allows our patients to improve the quality of their lives. Our Speech Therapists evaluate and rehabilitate swallowing disorders, language, speech, written and spoken verbal communication and verbal memory problems. Our Occupational Therapy team evaluates and provides training in activities of daily living such as feeding, dressing, bathing and meal preparation. At Cypress Point, we are committed to *Improving Quality of Life.*

Central Management company^{llc}

is passionate about its mission to *IMPROVE QUALITY OF LIFE.* Beginning in 1962 with Autumn Leaves in Winnfield, we are a local company that operates nursing facilities, home care agencies, and rehabilitation services across Louisiana and has over sixty years of experience in long term care. Central Management continues to earn the respect of our residents and their families, as well as our peers in the medical community. While each facility is unique, having its own personality and character, all are bound together by a corporate philosophy and commitment. We emphasize and value quality care and superior service in all our facilities throughout the state. Our commitment to *IMPROVING QUALITY OF LIFE* is not a passing fad or empty slogan. It is found in every facility, in every administrator and in every department.

At Central Management Company we take our responsibility to be good stewards seriously and put our resources where our priorities are. We believe in continuous staff development and training, substantial reinvesting in upgrading (or rebuilding) our facilities, and adding cutting edge technology to provide the very best services to our customers. We believe our staff makes the difference. They are first in line to partner with state agencies and trusted vendors to test and evaluate new procedures and services and have served on many boards and committees throughout the state including the Louisiana Nursing Home Association, the American Healthcare Association, the Louisiana Board of Examiners for Nursing Facility Administrators, LEADER (Culture Change), and numerous local and civic organizations. Our supervisors and administrators expect more than mere technical compliance with governmental rules and regulations. They lead a team sensitive to the social and emotional needs of the residents. Consequently, our employees know more than their job – they know the importance of a kind word, a gentle touch, and the healing power of a smile. Our staff is passionate about *IMPROVING QUALITY OF LIFE.*

Testimonials

There are just no words to describe this place. It's beautiful, the people are nice. The outside is landscaped just as pretty as the architecture and the decorations on the inside. You meet the people and it just goes from "nice" to "beautiful" when you meet everyone.

Joyce C., resident

The colors, the paintings, the artwork, everything is so beautiful and welcoming. The landscaping, not just in the courtyard, but of this entire area, is out of this world. It's just outstanding. The fresh air is healing. Getting outside, even if just to sit on the porch, is healing. It feels like a place like you were going to LIVE LIFE, not just live."

Cathy S., family member

Knowing my dad is going to be somewhere like this is really amazing. It makes me feel good. I believe this facility will give him a lot of dignity and pride in where he is at.

Russel P., family member

I can honestly say that one of the best things about Cypress Point is the continuity of care and the stability of the staff who are knowledgeable and experienced. They know what they're doing, they know the residents, and they go above and beyond. I remember the day she moved in, and I could cry thinking about the progress she's made...she's improved dramatically being at Cypress Point.
